

## Derby Jobs Success August: Shazia Derby Jobs and YMCA

Shazia had previously worked in support work and was looking for full time employment ideally one where she could help others and a job with progression opportunities.

Shazia was encouraged to subscribe to the Derby Jobs Weekly Newsletter by her work coach. She received the weekly Derby Jobs newsletter and applied for an administrative position.

The job offered a full-time opportunity split between working for Derby Jobs and YMCA in an administrative role.

“I was delighted with the process which didn’t take long, from interview stage to my start date, and I am excited to join the team. Derby Jobs Weekly has given me a great opportunity to get back into work and offered the ideal scenario of Monday to Friday work. It is great to work for employers who understands my needs. I am really pleased with the help received from Derby Jobs that has resulted in me returning to employment.
