Please refer to the table above for any children taking the stretched offer of 47.5, 51 or 52 weeks. The table above sets the periods funding can be taken between for each term over the year. The provider will need to decide upfront for each academic year the days they are not offering the stretch, for example: 4.5 weeks not offering for the 47.5-week model, and 1 week for the 51-week model.

If a working family is entitled to 30 hours funding per week over term time equating to 1140 hours per year and they want to stretch their funding entitlement, please see below a few examples of possible funding that can be taken between the stretched funding periods shown in the table above:
