

Raw Data - may contain duplicate records

Q1. Do you consent to the processing and storing of your response for the purpose of this consultation?	Q2a. Support nature recovery in the Derby region, providing more space for a range of nature-rich habitats and potential new species reintroduction	Q2b. Increase the city's carbon storage and sequestering capacity and contribute to Derby City Council's carbon reduction targets	Q2c. Provide a Natural Health Service, giving a home to the city's first Wild Wellbeing Hub and facilitate more opportunities for Derby's residents to connect with nature

Q2d. Contribute to the local economy with a range of new and exciting nature-based enterprises and make Derby a more vibrant, green and attractive place to live and visit	Q3a. Letting the park rewild itself with little or no intervention	Q3b. Having some intervention in the development to enable other types of habitats to develop more quickly, this could include planting wild flower meadows and planting trees and could also mean reintroducing species	Q3c. Infrastructure and capital investment. This would require more intervention and lead to more commercial eco-tourism operations such as a visitor centre, and glamping
