

Derby Jobs Success of the Month – Amelia

Great Northern Classics were looking for a Digital Marketing apprentice to fill a skills gap because of business growth. Derby Jobs through Derby City Council had provided Apprenticeship Levy funding to support Great Northern Classic's to recruit and train an apprentice.

Amelia received Derby Jobs weekly and found the job at Great Northern classics through the apprenticeship section in Derby Jobs Weekly. She applied and was successful. Amelia is now completing her Digital Marketing Apprenticeship L3.

Marketing Manager Abi Whitt said through the support of Derby Jobs, we have been able to access the levy fund and recruit an apprentice, "Amelia is a real asset to the business and fits in perfectly with us here at GNC. She is passionate, a super quick learner and really cracks on when given a new task. I can already see she has learnt so much and is a natural at it."
