

**Friends enjoy talking
while they walk to school.**

Cars park in front of the school and make it difficult to cross the road safely.

**Pupils have fun biking
to school together.**

**The School Crossing Patrol
helps people to cross the
road safely.**

**Cars travel too fast on
the roads close to school.**

**More people would cycle
to school if there were
better cycle paths.**

**There is a safe storage
area at school for bikes
and scooters.**

**Footpaths are narrow/
muddy/dark which makes
the walk to school difficult.**

**A pelican crossing helps
people cross the road
safely close to school.**

**Parents use 'Park and Stride'
– parking away from the
school then walking the last
few minutes into school.**

**Lots of pupils walk
to school.**

**Lots of pupils bike
to school.**

**Lots of pupils scoot
to school.**

**Lots of pupils travel
to school by bus.**

Most families share car journeys with other families so fill all the car seats on every journey – Car Share.

Most families travel to school with only their own family in the car.

**There are more cars on
the school run when
it is raining.**

**Cars park on the
yellow zig zag
'School Keep Clear'
markings.**

**Pupils don't feel safe
riding their bike to school
because there is too
much traffic.**

Pupils find it difficult to find a safe place to cross the road close to school.
