Dear Sir or Madam

Derby City Council (Kedleston Road & Allestree Lane Junction Area) (Prohibition & Restriction of Waiting) (Amendment to Map Based Schedule) (No. 120) Order 2022

Derby City Council (Kedleston Road & Allestree Lane Junction Area) (Moving Vehicle Restriction) (Amendment to Map Based Schedule) (No. 57) Order 2022

This to inform you that following public consultation, a modification has been made to the plan for the Kedleston Road & Allestree Lane Area Traffic Regulation Order.

The attached plan, TMT11 – D001B, shows the modified Traffic Regulation Order.

It now shows a proposed, additional section of No Waiting (At Any Time) along Allestree Lane. The section of No Waiting (At Any Time) running from Lilac Way in a southerly direction is no longer proposed. Furthermore, the proposed One-Way for Motor Vehicles, exemption 1 has been removed and a proposed Prohibition of Driving of Motor Vehicles restriction has replaced it.

The Modification has been proposed due to objections from residents and discussions with businesses in the area. The modifications have been incorporated and explained in the 'Modification' section of the Statement of Reasons, attached.

This is a modification to the previously agreed plan, so please can you provide any comments you may have by 18th August 2023 before I proceed with the next stage of the Traffic Regulation Order Process.

Yours faithfully

David Butler
Traffic and Transportation Technician
